

AS AMERICANS,
we know that nothing changes until we act.

AS JEWS,
we know that where there is room
to act, there is reason for hope.

**OUR ACTION, OUR HOPE,
BEGINS WITH OUR VOTES.**

The prayer on the front of this card comes from *Nissim B'chol Yom*, our blessings for daily miracles. This blessing is an affirmation of our freedom, articulated daily so that we never take for granted this precious gift. The freedom to vote in free and democratic elections is also a precious gift not to be taken for granted or ignored. When we speak these words of blessing in the voting booth, we thank God for making us a free people, able to participate in the sacred rite of voting.
